

## Intermediate Progress Report for the Term Project

**Only one submission per team through Gradescope is needed. Team submission is enabled on Gradescope, as usual.**

Team member name(s): \_\_\_\_\_

1. List the 2N non-trivial algorithms that you have been implementing for this project and indicate their progress in percentage in the table below. Note that the table is drawn for a team of up to three students. If you are working on your own or in a team of two, simply leave nonapplicable rows blank.

Algorithm	Progress (%)
1.	
2.	
3.	
4.	
5.	
6.	

2. Briefly describe how you plan to complete the project before the demo on April 28, if your overall progress is lower than 80%. If your progress is more than 80% and you are confident to complete everything by the demo, simply state that below.
